## OPERATING AND FINANCIAL PERFORMANCE

### Prime Business

Our retail prime loan book stood at 18311.39 crores as on 31st March 2026, a growth of 11% over March 2025. With 5714 crores disbursement during the year, the average ticket size in the segment stood at 51.42 lakh, with 35% of our new customers coming from the salaried segment. With a strategic focus on enhancing margins, we intensified efforts to strengthen our non-housing loan (NHL) portfolio. The average ticket size for non-housing loans stood at 59.70 lakh, with a healthy weighted average loan-to-value (LTV) ratio of 55%, reflecting prudent underwriting practices. Notably, the self-employed category accounted for 43% of the retail NHL portfolio, underscoring our success in tapping into this high-potential customer base.

### Emerging Business Segment

FY26 marked a milestone year for our Emerging Business segment, with significant strides made in scaling up operations and deepening our market presence. We launched Anugraha a housing loan product for the affordable segment and Nidhi loan against property for the informal sector. We launched 53 new EB branches, expanding our total footprint to 108 branches across 4 states. A major highlight for the year was surpassing 850 crores in loan assets under EB -an achievement that underscores our strong momentum and focused execution. This year also saw an increasing share of customers with informal incomes, reflecting our ability to reach underserved borrower segments.

Gross income of the Company during the year ended 31st March 2026 amounted to ₹ 1,867.57 crores, higher by 16.98 % over the previous year. Profit before tax was ₹362.75 crores, registering a growth of 16.52 % compared to the previous year. At ₹ 281.88 crores, profit after tax grew by 15.21 % over the previous year. The Company's net worth stood at ₹ 2,307.46 crores as on 31st March 2026 (₹ 2,096.95 crore at the end of the previous year). As on that date, the regulatory capital adequacy ratio (CRAR) was 18.7 %, well above the regulatory minimum of 15 %.

The Company approved loans totalling ₹ 6,946.02 crore during the year, as against ₹ 6,939.80 crore in FY25. Disbursements during the year amounted to ₹ 6,830.04 crores as against ₹ 6,534.21 crore in FY25, an increase of 4.5 %. The average ticket size of home loans disbursed to individuals during the year was ₹43.72 lakh.

Gross Non-Performing Loans (NPLs) (loans in continuing default for more than 90 days) amounted to ₹ 189.94 crore as on 31st March 2026 which constituted 1.11% of the total loans, up from 1.02%, a year ago. Net NPLs after provisioning under ECL were 0.51%, down from 0.53% last year.

The Company continues to follow a prudent loan provisioning policy, as a result of which the provisions for Expected Credit Loss (ECL) allocated to NPL accounts is considerably higher than the regulatory requirement.

## **SIGNIFICANT AND MATERIAL ORDERS**

During the year under review, no significant and material orders were passed by the regulators, courts or tribunals against the Company, impacting its "going concern" status or its future operations.

## **MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

### **Indian Economy:**

India's growth trajectory is increasingly being shaped not only by economic performance but also by the quality and credibility of its statistical systems. As per data released by the Ministry of Statistics and Programme Implementation, real GDP grew at a robust 7.8% in the third quarter of FY 2025-26, compared to 7.4% in the corresponding period of the previous year.

The resilience of the Indian economy was further underscored in 2025, when India emerged as the world's fourth-largest economy and is expected to become the third largest within the next 3 years, with projected GDP reaching approximately USD 7.3 trillion by 2030. Growth momentum remained strong, with GDP touching a six-quarter high in Q2 FY 2025-26, reflecting sustained resilience despite global trade uncertainties.

The Reserve Bank of India revised its GDP growth forecast for FY 2025-26 upwards to 7.3% from 6.8%, signalling strengthening macroeconomic fundamentals. The recent 25 basis points reduction in the repo rate further reinforces macroeconomic stability and supports growth.

Looking ahead, domestic growth drivers including favourable agricultural prospects, continued benefits from GST rationalisation, benign inflation, and strong corporate and financial sector balance sheets are expected to sustain economic activity. Supportive monetary

and financial conditions are also likely to underpin continued growth momentum.

On the external front, foreign investment flows showed mixed trends. Foreign Direct Investment (FDI) strengthened during the first half of FY 2025-26, with gross FDI rising by 19.4% to USD 51.8 billion from USD 43.4 billion in the corresponding period of the previous year. Net FDI increased sharply by 127.6% to USD 7.7 billion from USD 3.4 billion, primarily driven by lower repatriation despite higher outward investments. In contrast, Foreign Portfolio Investment (FPI) recorded net outflows of USD 0.7 billion during the period, reflecting cautious global investor sentiment.

The Union Budget 2026-27 has signalled key structural reforms for India's financial system, with a focus on strengthening the role of Non-Banking Financial Companies (NBFCs), enhancing credit access, accelerating technology adoption, and reinforcing their complementary role alongside banks.

Despite global economic volatility, domestic credit demand has remained steady. NBFCs continue to play a critical role in advancing financial inclusion and supporting India's vision of becoming a developed economy under the Viksit Bharat initiative. Over the past two years, NBFC credit growth has averaged 18-20%, significantly outpacing the 11-12% growth recorded by banks, highlighting their increasing importance in the financial ecosystem.

### **Housing Finance Sector:**

The housing finance sector in India has undergone a significant transformation from a largely informal and fragmented system to a well-regulated and dynamic marketplace. This evolution reflects the impact of strong regulatory frameworks, institutional development and targeted policy interventions that have enhanced transparency, stability and accessibility within the sector. A major milestone in this journey was the establishment of the National Housing Bank (NHB) in 1988, which brought standardisation and regulatory oversight to housing finance companies, laying the foundation for a more structured ecosystem.

The housing finance sector is poised for robust growth, with Assets Under Management (AUM) of Housing Finance Companies (HFCs) expected to expand by 15-17%, driven by strong demand in Tier II and III cities and continued government support for affordable housing initiatives. The sector continues to benefit from structurally strong fundamentals, including high household savings, rising urbanisation projected to reach nearly 40% by 2030 and the ongoing focus on the “Housing for All” mission. In addition, HFCs are projected to sustain healthy growth momentum, with overall expansion estimated in the range of 12.7% to 13.5% during FY25 and FY26, supported by favourable demographics, policy support and increasing credit penetration.

Over the years, the sector has closely mirrored India's socio-economic progress. Rising income levels, increasing purchasing power and sustained GDP growth have created a favourable environment for home ownership, thereby driving demand for housing finance. Additionally, economic liberalisation and the entry of private and foreign players have intensified competition, improved service delivery and expanded access to housing loans across diverse borrower segments.

The growth of the housing finance market has also been supported by several policy and demographic factors. Government initiatives such as Pradhan Mantri Awas Yojana (PMAY) and PMAY 2.0 have significantly boosted affordability, particularly for economically weaker sections and low-income groups through interest subsidies under the Credit Linked Subsidy Scheme (CLSS). Furthermore, tax incentives on home loan interest and principal repayments have made home ownership more financially attractive. At the same time, favourable monetary policies by the Reserve Bank of India have ensured relatively lower interest rates, reducing borrowing costs and encouraging both first-time home buyers and existing homeowners to upgrade.

In addition, the announcement of SWAMIH Fund-2 (Special Window for Affordable and Mid-Income Housing) in the Union Budget 2025-26, with a proposed corpus of ₹15,000 crore, is expected to

accelerate the completion of approximately 1 lakh stalled housing units. By providing last-mile funding to stressed projects, this initiative is likely to enhance homebuyer confidence, unlock stuck inventory and further strengthen the housing finance ecosystem.

Rapid urbanisation and migration to urban centres have further accelerated housing demand, especially in metropolitan and emerging Tier II and III cities. Alongside this, digital transformation has played a crucial role in reshaping the sector. The adoption of online loan applications, eKYC processes and automated underwriting have streamlined loan disbursement, while collaborations with fintech players have enhanced customer experience and expanded market reach.

Moreover, the sector has witnessed increased product innovation, with lenders offering customised solutions such as adjustable-rate mortgages, green housing loans and flexible repayment options to cater to evolving customer needs. Improved financial literacy and rising disposable incomes have also strengthened borrowers' ability to manage home loan obligations effectively.

In a nutshell, the growth of housing finance in India is underpinned by a synergistic interaction of macroeconomic stability, favourable policy frameworks, demographic factors and market innovations. While these drivers have significantly expanded the housing finance landscape, ongoing monitoring of market dynamics is essential for future readiness. As India continues to urbanise and modernise its financial ecosystem, these trends are expected to deepen, reshaping the housing finance sector further.

## REGULATORY CHANGES

During the year, the RBI/SEBI had issued various circulars, notifications, directions and guidelines to HFCs, the updates of which were duly placed before the Board at regular intervals. The Company has put in place adequate systems and processes in place to ensure compliance with RBI-HFC Directions and other applicable directions/guidelines issued by the Regulators from time to time.

## RESOURCE MOBILISATION

### FRESH EQUITY

During the year, the Company did not raise funds by way of infusion of fresh equity. The Company did not face any liquidity pressure.

### BORROWINGS

Total borrowings as on 31st March 2026 stood at ₹15,058.84 crore as against ₹ 13,763.38 crore a year earlier. Of the total borrowings, NHB Refinance constituted 6 %, Non-Convertible Debentures (NCDs) 40 %, Term Loans from Banks and Financial Institutions 35%, Public Deposits 16 % and Commercial Paper 3 %.

The Company has raised long-term funds to the extent of ₹1400 crores through non-convertible debentures and ₹4320 crores from banks. The Company duly repaid its term borrowings including debentures as and when they became due for payment and no debentures remained unclaimed by the investors at the year-end. The Company did not opt for moratorium with any of its lenders.

### DEPOSITS

The Company mobilised fresh public deposits of ₹265 crores during FY26. Fixed Deposits outstanding at the year-end were ₹2295 crore (₹2224 crore at the end of FY25).

The Company notifies depositors well ahead of the maturity of their deposits and thereafter issues periodical reminders if the deposits are not renewed or unclaimed on or after maturity. As of 31st March 2026, deposits total ₹27.30 crore from 760 depositors had matured for payment but the depositors concerned had sought neither renewal nor repayment of their deposits. The Company is closely following these cases and, as of date, such deposits stand reduced to ₹13.53 crore from 594 depositors.

As of 31st March 2026, there were no amounts pending to be transferred to the Investor Education and Protection Fund (IEPF).

The provisions of Chapter V of the Companies Act, 2013 and the Rules framed thereunder relating to acceptance of deposits are not applicable to Housing Finance Companies and, accordingly, do not

apply to the Company. The Company has complied with the applicable provisions of the Reserve Bank of India (Non-Banking Financial Companies Acceptance of Public Deposits) Directions, 2025 in respect of acceptance of public deposits.

### COMMERCIAL PAPER

The Company issued commercial paper aggregating ₹950 crore (face value) during the year. The maximum amount of commercial paper outstanding at any time during the year was ₹ 1150 crore (face value) and the amount outstanding at the end of the year ₹ 400 crores (face value)

The Company has listed its commercial paper with the NSE as required under SEBI (Guidelines).

### CREDIT RATINGS

The Company's borrowings enjoy the following credit ratings:

There were no changes to the credit ratings during the year.

### INTERNAL FINANCIAL CONTROLS

The Company has well defined and adequate internal financial controls and procedures, commensurate with the size and nature of its operations. This is further strengthened by the robust Internal Audit system that is in place.

Besides, the Company has an Audit Committee of the Board, comprising Independent Directors, which reviews internal financial

controls, systems control, financial management and operations of the Company.

The Company has also established Risk Based Internal Audit (RBIA) in compliance with Reserve Bank of India (RBI) Circular No. RBI/2021-22/53-DoS. CO. PPG.SEC/03/11.01.005/2021-22 dated 11th June, 2021. The current internal audit is robust and provides an assurance to the Board of Directors and the Senior Management on the quality and effectiveness of the organisation's internal controls, risk mitigation and governance related systems and processes.

## RISK MANAGEMENT

In accordance with the Directions issued by the Reserve Bank of India (RBI) and the National Housing Bank (NHB), the Company has appointed a senior official as its Chief Risk Officer (CRO). The CRO has been reappointed for a further term of two years commencing from October 25, 2025, underscoring the Company's commitment to strong risk governance. A Risk Management Committee (RMC) has also been constituted to develop and implement a progressive risk management framework, including policy formulation and strategic oversight.

Over the years, the Company has built a robust risk governance and risk management framework, supported by various Board-level and functional committees. The Audit Committee, Risk Management Committee, Asset Liability Management Committee (ALCO), and the IT Strategy Committee are actively engaged in reviewing and monitoring risks on a regular basis. In addition, an Internal Risk Management Committee, comprising heads of various risk verticals, has been constituted to assess and evaluate organization-wide risks on a periodic basis.

The Company has adopted an Enterprise Risk Management (ERM) approach to identify, monitor, and mitigate risks at an enterprise level. This holistic framework facilitates a systematic assessment of key risk areas and the formulation of robust mitigation strategies. As a part of the ERM framework, the Company has formulated a Risk Appetite Statement, defining the level and type of risk the Company is willing to undertake in pursuit of its business objectives.

The risk management process fulfils the requirement under Section 134 of the Companies Act, 2013 and also the guidelines under

Regulation 21 of Listing guidelines (Schedule II of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

To ensure effective risk oversight, the Company has implemented documented Standard Operating Procedures (SOPs) and Risk Control Matrices (RCMs) across all key processes. These are reviewed periodically to ensure relevance and effectiveness.

The Company has also introduced Key Risk Indicators (KRIs) to monitor various risks across business functions. These KRIs serve as early warning signals and enable pre-emptive action to mitigate potential risks before they escalate.

## KEY RISK CATEGORIES AND MANAGEMENT APPROACH

### 1. CREDIT RISK

Credit risk pertains to the potential inability or unwillingness of borrowers to meet their contractual obligations. The Company addresses credit risk through a comprehensive credit policy framework, which governs customer selection, due diligence, and creditworthiness assessment.

Loan applications undergo a rigorous evaluation based on parameters such as financial history, income documents, field investigation reports, loan-to-value (LTV) ratios, loan tenure, and end use. Credit approval and administration are managed by an experienced team, supported by a clearly defined delegation of authority.

To strengthen underwriting processes, the Company has adopted API-driven technology for real-time verification of identity, income documents and bank statements, thereby reducing manual intervention and enhancing productivity and process efficiency.

The Company has an in-house team of qualified professionals besides engaging qualified external experts for title investigation and property valuation to ensure that the property mortgaged has a clear and marketable title. As an added safeguard, sample audits of title and valuation reports are conducted to enhance

---

the accuracy and reliability of assessments, thereby ensuring robust risk management.

A dedicated Recovery Team is in place to oversee and improve the collection of dues, with constant follow-up mechanisms to ensure timely repayments. Additionally, portfolio-level monitoring and analysis of early warning indicators allows for timely corrective actions and policy interventions to maintain portfolio quality and minimize credit losses.

## **2. MARKET RISK**

Market risk, including liquidity risk and interest rate risk, is managed through robust asset-liability management practices. Liquidity risk is addressed through ongoing monitoring of the Asset-Liability Mismatch (ALM). Interest rate risk, arising from maturity mismatches between assets and liabilities, is assessed using methodologies such as the Duration Gap Method and monitored at regular intervals by ALCO.

## **3. OPERATIONAL RISKS**

Operational risks arising from inadequate internal processes, people and systems or from external events are adequately addressed by the internal control systems and are continuously reviewed and monitored. The Company has well documented Standard Operating Procedures and Risk Control Matrices for all processes to ensure adequate controls are in place. The Senior Management Team regularly assesses the risks and takes appropriate measures to mitigate them. Process improvements and quality control are on-going activities and are built into the employees' training modules as well. Operational risks are also governed through various audits both at the branch and at the process level to identify risks and take actions to mitigate the same.

## **4. FRAUD RISK**

The Company recognises fraud risk as a critical area of concern and has implemented multiple controls to deter and prevent fraudulent activities. A dedicated Risk Containment Unit (RCU) is in place to carry out screening and sampling of key documents

and customer information during the underwriting process. This acts as a preventive measure against potential frauds at an early stage.

In addition, the Company has established an Early Warning Signal (EWS) framework as part of its ongoing credit monitoring processes. The EWS framework helps in identifying unusual patterns or deviations in customer behaviour and loan performance, enabling early detection of fraudulent activities where they have occurred and timely intervention to mitigate their impact.

## **5. TECHNOLOGY AND CYBER SECURITY RISK**

The Company has developed a robust Information Security and Cyber Security framework to manage technology-related risks. Governance of the IT landscape is led by the IT Steering Committee and the Information Security Committee, which are responsible for monitoring the integrity, security, and availability of information systems. These committees oversee the implementation of cybersecurity protocols, risk assessments, and incident response measures, ensuring the Company's resilience against evolving cyber threats.

## **6. REPUTATIONAL RISK**

The Company recognises that reputational risk can significantly impact stakeholder confidence and long-term business sustainability. To proactively manage this risk, a centralised customer service team has been established to effectively handle customer grievances and ensure timely and satisfactory resolutions. This team works in close coordination with branch teams, thereby enhancing service delivery and ensuring a seamless, consistent customer experience across all locations. These efforts help mitigate the risk of customer dissatisfaction and potential escalations. In addition, the Grievance Redressal Committee and the Customer Services Committee, a sub-committee of the Board, oversees the Company's grievance redressal mechanism, ensuring adherence to the Fair Practices Code and that all stakeholder concerns are addressed in a transparent and responsive manner.

## 7. REGULATORY & COMPLIANCE RISKS

Adherence to regulatory standards and statutory obligations is a cornerstone of the Company's risk management philosophy. The Company has instituted a robust compliance framework, overseen by a dedicated compliance function, to ensure alignment with applicable laws, regulations, and guidelines issued by the RBI, SEBI, and other relevant authorities. Ongoing monitoring, internal audits, training, and regulatory updates help the Company maintain a high standard of regulatory compliance, thereby mitigating legal and compliance risks.

### DETAILS OF FRAUD REPORTING

During the year 2025-26, there were 5 instances of fraud amounting to ₹ 2.99 crore that are required to be reported by the Statutory Auditors with respect to Sub-Section 3(ca) of Section 134 of the Companies Act, 2013.

### INTERNAL AUDIT

In compliance with the requirements of the Companies Act, 2013 read with Circular G.S.R. 742(E) dated 27th July 2016 issued by the Ministry of Corporate Affairs, the Company has appointed Mr. Kailashapathy as the Internal Auditor of the Company, to carry out an effective internal audit and such other audit functions.

The Internal Auditors review all the internal control and risk-management measures, highlight areas requiring attention and report the main findings and recommendations to the Audit Committee of the Board. The Committee regularly reviews the audit findings and the actions taken thereon, as well as the adequacy and effectiveness of the internal systems and controls. The internal control systems are being tested on an on-going basis and necessary actions are initiated wherever necessary.

### INFORMATION TECHNOLOGY AND INFORMATION SECURITY

The Company recognizes Digital & Technology as a critical pillar in operating and growing its business. Significant investments continue to be made in Digital & Technology infrastructure to enhance the

Internal stake holders, Customers, and Channel partners experience.

The Company has set up a robust and secure facility for hosting and managing its infrastructure, providing 24/7 support with over 99% uptime. A disaster recovery site for all critical applications is hosted in the data centre, located in a different seismic zone, with near real-time data replication.

The Company adopts a proactive approach to cybersecurity and continues to invest in this critical area. In April 2024, a Chief Information Security Officer (CISO) was appointed to oversee all Information and Cybersecurity initiatives.

A 24/7 Security Operations Centre (SOC) has been set up to provide real-time threat monitoring and alerting. Periodic vulnerability assessments and penetration tests are conducted on both applications and infrastructure to evaluate the effectiveness of the Company's security practices.

Additionally, regular consultations with external experts and industry professionals are held to validate transformation strategies and strengthen Information & Cyber Security frameworks.

With a secure and scalable IT setup that enables remote working, the Company ensures business continuity even during adverse conditions.

The Company ensures strict adherence to all applicable regulatory policies, circulars, and master directions issued by the regulators from time to time.

The Company has developed a robust digital platform for its Customers, Channel Partners, and Employees. This platform is effectively leveraged across both the Prime and Emerging Business verticals to support products such as Home Loans, Loan Against Property (LAP), Sundaram Anugraha, and Sundaram Nidhi.

In line with evolving digital trends, the Company has incorporated advanced capabilities such as electronic execution of contracts and agreements, and secure retrieval of bank statements through the Account Aggregator framework. The Company continues to adopt emerging technologies to enhance operational efficiency and deliver a sustained competitive advantage within the industry.

---

Our end-to-end digital platform offers a seamless user experience, reduces turnaround time, straight through processing, and ensures timely decision-making enhancing the overall Sundaram Experience for customers.

Being in a relationship-centric business, the Company continues to rely on time-tested, differentiated strengths based on personal interactions with customers and stakeholders. Its digital strategy has been thoughtfully designed to create an optimal blend of high-touch and high-tech engagement, thereby deepening relationships and delivering enhanced “Sundaram Experience”.

### **HUMAN RESOURCES AND TRAINING**

Employees' contributions are integral to the Company's performance, both in qualitative and quantitative terms. Accordingly, the Company's performance management system is effectively leveraged to enhance employee capabilities across key areas such as leadership, team building, knowledge accessibility, and productivity.

To support the growing training needs, a dedicated Training and Development Department, led by a senior officer, has been established. During the year, a wide range of in-house, on-the-job coaching initiatives and structured training programmes were conducted across various functional areas, including productivity enhancement, credit underwriting for the sales force, cyber security, compliance, customer service resolution, professional sales techniques, NBFC-specific risk management, awareness sessions on Sundaram Values, KYC and AML compliance, and psychometric assessments across the employee life cycle.

In addition, specialized workshops focusing on behavioural skills were organized. Employees were also nominated for external training programmes, such as those covering comprehensive guidelines on income assessment, risk evaluation, and documentation, based on functional requirements.

Training content on legal and technical process has been created and made available to employees for ready reference.

These initiatives have enabled employees to strengthen their domain knowledge and enhance their effectiveness in their respective

roles. Further, all new employees undergo a structured induction programme that covers business requirements, Company processes, regulatory frameworks, POSH guidelines, and aspects of personality development.

During the Financial Year ending 31st March 2026, the Company expanded its workforce significantly to support its strategic thrust on emerging business. Additionally, the establishment of branches at various locations across India contributed to the growth in work force. The number of permanent employees on the rolls of the Company as on 31st March 2026 was 2068.

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SUNDARAM HOME FINANCE LIMITED, CHENNAI FOR THE YEAR ENDED 31ST MARCH, 2026

To  
The Members of  
Sundaram Home Finance Limited

## Report on the Audit of the Standalone Financial Statements

### Opinion

We have audited the accompanying standalone financial statements of Sundaram Home Finance Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the standalone financial statements, including material accounting policies information and other explanatory information. (hereinafter referred to as Standalone Financial statements).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit and total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2026. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
<p><b>Expected credit losses on loan assets</b></p> <p>Refer Note No 2 of material accounting policies and Note No 8 for the outstanding loan assets and Note No 35.3 of the Standalone Financial Statements for credit risk disclosures.</p> <p>As at 31 March 2026, the Company has reported gross loan assets of ₹ 17,012.66 Crores against which an impairment loss of ₹ 269.61 Crores has been recorded.</p> <p>As per the expected credit loss model of the Company developed in accordance with the principles set out in Ind-AS 109 on Financial Instruments, the Company is required to estimate the probability of expected loss based on past experience, future considerations and grouping of the loan portfolios under homogeneous pools in order to determine the probability of defaults on a collective basis. This involves a significant degree of estimation and judgement in estimating the expected credit losses, including</p> <ul style="list-style-type: none"> <li>Quantitative and Qualitative factors used in determination of staging of financial assets;</li> <li>estimation of probability of defaults, and</li> <li>loss given defaults,</li> </ul> <p>The PD and the LGD are the key drivers of estimation complexity in the ECL and as a result are considered the most significant judgmental aspect of the Company's modelling approach.</p> <p>Additionally, regulatory requirements on asset classification as notified by RBI have been collectively considered by the management in the classification / staging of financial assets including additional provision as part of its Expected Credit Loss provision on loans.</p> <p>Considering the significance of the above matters to the overall Standalone Financial Statements, and extent of management's estimates and judgements involved and also the significant auditor attention required to test such complex accounting estimates, we have identified this as a key audit matter.</p>	<p>Our audit focused on assessing the appropriateness of management's judgment and estimates used in the impairment analysis through procedures that included, but were not limited to, the following:</p> <ul style="list-style-type: none"> <li>Obtained an understanding of the modelling techniques adopted by the Company including the key inputs and assumptions. Since modelling assumptions and parameters are based on historical data, we assessed whether historical experience was representative of current circumstances and are relevant in view of the recent impairment losses incurred within the portfolios;</li> <li>Considered the Company's accounting policies for estimation of expected credit loss on loans and assessing compliance with the policies in terms of Ind AS 109.</li> <li>Assessed and tested the design and operating effectiveness of the key controls over the completeness and accuracy of the key inputs and assumptions considered for calculation, recording and monitoring of the impairment loss recognized. Also, evaluated the controls over the modelling process, validation of data and related approvals;</li> <li>Performed a critical assessment of assumptions and input data used in the estimation of expected credit loss models for specific key credit risk parameters, such as the transfer logic between stages, probability of default (PD) or loss given default (LGD);</li> <li>Performed an assessment of the adequacy of the credit losses expected within 12 months by reference to credit losses actually incurred on similar portfolios historically;</li> <li>Assessed the appropriateness and adequacy of the related presentation and disclosures in the accompanying Standalone Financial Statements in accordance with the applicable accounting standards and related RBI circulars; and</li> <li>Obtained written representations from management on whether they believe significant assumptions used in calculation of expected credit losses are reasonable;</li> </ul>

## **Information Other than the Standalone Financial Statements and Auditor's Report thereon (Other Information)**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board Report (which includes Corporate Governance Report and Management Discussion and Analysis) but does not include the standalone financial statements and our auditor's report thereon. The Company's Board Report is expected to be made available to us after the date of this Auditors' Report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application

of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for

one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the

effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2026 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Other Matter

The Financial Statements of the Company for the year ended 31 March 2025, were audited by one of the joint auditors' who expressed an unmodified opinion on those financial statements vide their report dated 5th May 2025.

Our opinion is not modified in respect of this matter.

### Report on Other Legal and Regulatory Requirements

- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:  
  
In our opinion and to the best of our information and according to the explanations given to us, the managerial remuneration paid by the Company during the year is in accordance with the provisions of section 197 of the Act
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the

Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in the standalone financial statements – Refer Note No 34.10 to the standalone financial statements.
- ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer Note 6 to the standalone financial statements.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2026.
- iv. a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note No 34.28 to the standalone financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the Note No 34.28 to the standalone financial

statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- c) Based on the audit procedures performed by us that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
- b) The interim dividend declared and paid by the Company during the year is in accordance with section 123 of the Companies Act 2013.
- c) As stated in Note No 34.14 to the standalone

financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act, as applicable.

- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2026, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

## ANNEXURE - A TO THE INDEPENDENT AUDITOR'S REPORT

### ANNEXURE A REFERRED TO IN PARAGRAPH 1 UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SUNDARAM HOME FINANCE LIMITED FOR THE YEAR ENDED MARCH 31, 2026.

- i. a) i) According to the information and explanations given to us and the records of the Company examined by us, the Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, Assets held for sale and relevant details of right-of-use assets.
- ii) According to the information and explanations given to us and the records of the company examined by us, the Company has maintained proper records showing full particulars of intangible assets.
- b) According to the information and explanations given to us and the records of the Company examined by us, the Company has physically verified its Property Plant and Equipment, Assets held for sale and right-of-use assets which in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. According to the information and explanations given to us and basis our verification of the records produced, we report that no material discrepancies were noticed on such verification.
- c) According to the information and explanations given to us and the records of the Company examined by us, we report that the title deeds of immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements are held in the name of the Company as at the balance sheet date.
- d) According to the information and explanations given to us and the records of the Company examined by us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Hence, reporting under clause 3(i) (d) of the Order is not applicable.
- e) According to the information and explanations given to us and the records of the Company examined by us, there are no proceedings initiated or pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. According to the information and explanations given to us and the records of the Company examined by us,
- a) The Company is a Non-Banking Finance Company (NBFC), primarily engaged in financing activities and it does hold any physical inventories. Hence, reporting under clause 3(ii) (a) of the Order is not applicable.
- b) The company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks during the year on the basis of security of current assets. In our opinion, based on a comparison, the quarterly statements of receivables filed by the company with such banks are seen to be in agreement with the books of account of the Company. The Company has not availed working capital limit from any financial institution.
- iii. During the year, in the ordinary course of its business, the Company has made investments in and granted loan or advances in the nature of loans secured to Companies, Firms, Limited Liability Partnerships (LLPs) and other parties. The Company has not provided any guarantee or securities or granted any unsecured loans to Companies, Firms, Limited Liability Partnerships (LLPs) and other parties. In respect of the same, we report that;
- a) The Company being an NBFC, the reporting under the Clause (iii) (a) is not applicable.
- b) According to the information and explanations given to us and the records of the Company examined by us, the

- terms and conditions of the investments made and grant of loans, during the year are, prima facie, not prejudicial to the Company's interest. The company has not provided any guarantee or given any security during the year.
- c) According to the information and explanations given to us and the records of the Company examined by us, in respect of loans granted by the Company, the schedule of repayment of the principal and payment of interest have been stipulated. Being an NBFC, there are instances of irregularities in repayment of principal amounts and receipt of interest as per stipulated terms, i.e, cases where the same were not repaid/ paid when they were due or were repaid/ paid with a delay, in the normal course of lending business. Loan assets with balance as at 31 March 2026, aggregating to ₹ 189.94 crore were categorised as credit impaired ('Stage 3') and ₹ 845.77 crore were categorised as those where the credit risk has increased significantly since initial recognition ('Stage 2'). Disclosures in respect of such loans have been provided in Note No 35.3.1a to the standalone financial statements. Additionally, out of loans and advances in the nature of loans with balances as at the year end aggregating to ₹15,972.76 crore, where credit risk has not significantly increased since initial recognition (categorised as 'Stage 1'), delinquencies in the repayment of principal and payment of interest where noted in loans with aggregate outstanding balance amounting to ₹ 147.98 crore as at March 31, 2026. In all other cases, the repayment of principal and interest is regular. Having regard to the nature of business undertaken by the company and the volume of information involved, specific details of the irregularities are not reported.
- d) In respect of loans and advances in the nature of loans, the total amount outstanding of loans classified as credit impaired ("Stage 3", representing overdue for more than 90 days) is ₹ 189.94 crore in respect of 527 loans as at March 31, 2026, as disclosed in Note 35.3.1a to the standalone financial statements. In such instances, in our opinion, reasonable steps have been taken by the Company for recovery of the overdue amount of principal and interest.
- e) The Company is an NBFC, whose principal business is to give loans. Hence, reporting under clause 3(iii)(e) is not applicable.
- f) The Company has not granted any loans or advances in the nature of loans that were either repayable on demand or without specifying any terms or period of repayment
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and sub-section (1) of Section 186 of the Act in respect of the investments made by it. The company has not given any loans, or provided any guarantee or security. The provisions of sub-sections (2) to (11) of Section 186 are not applicable to the Company as it is a non-banking financial company registered with the RBI engaged in the business of giving loans.
- v. The Company has complied with the directives issued by the Reserve Bank of India with regard to the deposits accepted and amounts deemed to be deposits during the year. The Company being a Housing Finance Company registered with National Housing Bank, the provisions of sections 73 to 76 or any other relevant provisions of the Act, and the Companies (Acceptance of Deposits) Rules, 2014, as amended are not applicable. According to the information and explanations given to us, no order has been passed by the Company Law Board or the National Company Law Tribunal or Reserve Bank of India or by any other court or tribunal with regard to aforesaid deposits.
- vi. To the best of our knowledge and according to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for any of the services rendered by the Company. Hence, reporting under clause 3(vi) of the Order is not applicable.
- vii. a. As per the information and explanations furnished to us, and according to our examination of the records of the Company, the undisputed statutory dues including goods

and service tax, provident fund, employees state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable to the Company have generally been regularly deposited by the company with the appropriate authorities and no undisputed amounts in respect of material statutory dues were in arrears as at 31st March,

2026 for a period of more than six months from the date they became payable.

- b. According to the information and explanations given to us and based on the records of the Company examined by us, there are no dues referred to in sub-clause (a) that have not been deposited on account of any dispute as at 31st March, 2026 except as given below;

- b) The Company has not been declared willful defaulter by any bank or financial institution or other lender.
- c) In our opinion and according to the information and explanations given to us, the Company has utilized the money obtained by way of term loans during the year for the purposes for which they were obtained, other than temporary deployment pending application of proceeds.
- d) On an overall examination of the Financial Statements of

the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

- e) The Company does not have any subsidiaries, associates or joint ventures and hence, reporting on clause 3(ix)(e) of the Order is not applicable.
- f) The Company does not have any subsidiaries, associates or joint ventures and hence, reporting on clause 3(ix)(f) of the Order is not applicable.
- x. According to the information and explanations given to us and the records of the Company examined by us,
  - a) no moneys were raised by way of initial public offer or further public offer (including debt instruments) and hence, reporting on clause 3(x)(a) of the Order is not applicable.
  - b) The Company has not made any preferential allotment or private placement of equity shares and of fully or partly or optionally convertible debentures during the year.

- xi. a) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, there have been 5 instances of fraud on the Company amounting to ₹ 2.99 Crores as disclosed in Note No 34.11 to the financial statements, which have been duly reported. There has also been an instance of fraud on the company amounting to ₹ 0.98 Crores for which as per the management, the reporting to the National Housing Bank is not applicable as stated in Note No 34.11. We did not come across any instances of fraud by the Company.
- b) During the year, no report under sub-section (12) of section 143 of the Act has been filed by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government. According to the information, explanations and representations given to us, the secretarial auditor has not filed any report under subsection (12) of section 143 of the Act in Form ADT–4. The Company does not have a cost auditor and hence, the concerned reporting requirement is not applicable.
- c) According to the information and explanations given to us and the records of the Company examined by us, the Company has not received whistle-blower complaints during the year and hence, reporting on clause 3(xi)(c) of the Order is not applicable.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- xiii. According to the information and explanations given to us and the records of the Company examined by us, all transactions with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable and the details of such transactions have been disclosed in Note No 34.9 to the standalone financial statements as required by the applicable Ind AS.
- xiv. a) The Company has an internal audit system, which, in our opinion is commensurate with the size and nature of its business.
- b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us
- xv. ## ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

ANNEXURE B' REFERRED TO IN PARAGRAPH 2(F) UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SUNDARAM HOME FINANCE LIMITED FOR THE YEAR ENDED MARCH 31, 2026

### Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

#### Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial control with reference to standalone financial statements of Sundaram Home Finance Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

### **Meaning of Internal Financial Controls with reference to Standalone Financial Statements**

A Company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements**

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility

of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2026, based on the criteria for internal financial control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

## 1. Basis of preparation and presentation

### 1.1 Statement of Compliance

The Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity are prepared and presented in the format prescribed in the Division III of Schedule III to the Companies Act, 2013 (the "Act"). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The Balance Sheet, Statement of Profit and Loss, Statement of Cash Flow and Statement of Changes in Equity are together referred as the financial statement of the Company.

The financial statements have been prepared as a going concern in accordance with the Indian Accounting Standard ('Ind AS'), notified under section 133 of the Companies Act,2013 read together with Rule 3 of the Companies (Indian Accounting Standards) Rules,2015 and Companies (Indian Accounting Standards) amendments Rules,2016 issued by the Ministry of Corporate Affairs (MCA).

Any directions issued by the RBI, NHB and other regulators are implemented as and when they become applicable.

In addition, the guidance notes and announcement issued by the Institute of Chartered Accountants of India are also applied, except where the compliance with other statutory provisions requires different treatment.

The accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

All the amounts included in Financial Statements are reported in Indian Rupees (₹) and all values are rounded off to the nearest Crores except where otherwise indicated.

### 1.2 Accounting Convention

The Financial Statements have been prepared under the historical cost convention except for certain financial instruments that are measured at fair values at the end of each reporting period.

## 2. Material Accounting policies

### 2.1 Revenue recognition

#### A) Interest Income

As per Ind AS 109, Financial Instruments, Interest income from financial assets is recognised on an accrual basis using effective interest rate method (EIR). Fee and commission income and expense that are integral to the effective interest rate on a financial asset or liability are included in the effective interest rate. The effective interest rate method is the rate that exactly discounts estimated future cash receipts (including all fees, transaction costs and other premiums or discounts paid or received) through the expected life of the financial instrument to the carrying amount on initial recognition.

#### B) Income on derecognised (assigned) loans

The Company, on de-recognition of financial assets under the direct assignment transactions, recognises the right of excess interest spread (EIS) which is difference between interest on the loan portfolio assigned and the applicable rate at which the direct assignment is entered into with the assignee. The Company records the discounted value of future EIS based on the contracts entered with the assignees, upfront in the Statement of Profit and Loss. Any subsequent increase or decrease in the fair value of future EIS is recognised in the period in which it occurs. The embedded interest component in the future EIS is recognised as interest income in line with Ind AS 109 - 'Financial instruments'.

## NOTES TO ACCOUNTS (Contd.)

### C) Fees and commission income

Fees, charges and reimbursements due from customers as per the contractual terms of the loan are recognised on realisation.

Servicing fees on securitisation transactions are recognised upon completion of services.

Commission and brokerage income earned from distribution of financial services are recognised as and when they are due.

### D) Recoveries

The Company recognises income on recoveries of financial assets written off on realisation or when the right to receive the same without any uncertainties of recovery is established.

### 2.2 Evaluation of Business Model:

The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those instruments.

The Company considers all relevant information and evidence available when making the business model assessment such as:

- a. how the performance of the business model and the financial assets held within that business model are evaluated and reported to the Company's key management personnel.
- b. the risks that affect the performance of the business model (and the financial assets held within that business model) and the way in which those risks are managed.

At initial recognition of a financial asset, the Company determines whether newly recognised financial assets are part of an existing business model or whether they reflect a new business model. The Company reassesses

its business model at each reporting year to determine whether the business model has changed since the preceding year.

### 2.3 Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's accounting policies and disclosures require the measurement of financial and non-financial assets and liabilities at fair values. The Company has established policies and procedures with respect to measurement of fair values.

### 2.4 Financial instruments

A financial instrument is any contract that gives rise to a financial asset for one entity and a financial liability or equity instrument for another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

#### Financial assets/liabilities

Financial assets and financial liabilities are initially measured at fair value. Transaction costs directly attributable to the acquisition of financial assets and financial liabilities measured at fair value through profit or loss are recognised immediately in profit or loss.

Transaction costs directly attributable to the acquisition or issue of financial assets and financial liabilities that are measured at amortised cost are added to or deducted from the fair value of the financial assets and financial liabilities, as appropriate, on initial recognition.

#### Classification and subsequent measurement:

##### Financial Assets

The Company classifies its financial assets as subsequently measured at either amortized cost or at fair value depending on the Company's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

##### At Amortised Cost

A financial asset is measured at amortised cost only if both of the following conditions are met:

- The asset is held within a business model whose objective is to hold them to collect contractual cash flows and

## NOTES TO ACCOUNTS (Contd.)

- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the amount outstanding.
- When the contractual cash flows of a financial asset are renegotiated or otherwise modified and the renegotiation or modification does not result in the derecognition of that financial asset, the Company has recalculated the gross carrying amount of the financial asset and has recognised a modification gain or loss in profit or loss.

Such Financial assets are subsequently measured at amortised cost using the Effective Interest rate method.

Classification and measurement of financial instruments depends on the results of the Solely Payments of Principal and Interest on the principal amount outstanding (“SPPI”) and the business model test.

### **Solely Payments of Principal and Interest (“SPPI”)**

The Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

‘Principal’ for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortization of the premium/discount).

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Company applies judgement and considers relevant factors.

Contractual terms that introduce exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement, such as exposure to changes in equity prices or commodity prices, do not give rise to contractual cash flows that are SPPI.

### **At Fair Value through Other Comprehensive Income (FVTOCI)**

Financial assets are subsequently measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding.

### **At Fair Value through Profit or Loss (FVTPL)**

Any financial instrument, which does not meet the criteria for categorisation as amortized cost or as Fair Value Through Other

Comprehensive Income (FVTOCI), is classified as at Fair Value Through P&L (FVTPL). In addition, the Company may elect to classify a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as ‘accounting mismatch’). Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the profit and loss.

### **Fair value hierarchy**

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 - This level includes financial assets that are measured by reference to quoted prices in active markets for identical assets or liabilities.

Level 2 - This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. price) or indirectly (i.e. derived from prices).

Level 3 - This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

### **Financial liabilities**

All financial liabilities are subsequently measured at amortised cost using the effective interest rate method except for financial liabilities at FVTPL. A financial liability is classified as FVTPL if it is held-for-trading or it is a derivative or it is designated as FVTPL on initial recognition. Interest expense, foreign exchange gains (losses) and any gains and losses on de-recognition are recognised in the profit or loss.

### **Derivative financial instruments & Hedge Accounting**

The Company enters into interest rate swaps (derivative financial instruments) to manage its exposure to interest rate risk.

The Company makes use of derivative instruments to manage

## NOTES TO ACCOUNTS (Contd.)

exposures to interest rate risk. In order to manage particular risks, the Company applies hedge accounting for transactions that meet specified criteria.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging / economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the Company would assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value and are assessed on an on-going basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

### **Hedges that meet the criteria for hedge accounting are accounted for, as described below:**

Fair value hedges hedge the exposure to changes in the fair value of a recognised liability, or an identified portion of such liability, that is attributable to a particular risk and could affect profit or loss.

For designated and qualifying fair value hedges, the cumulative change in the fair value of a hedging derivative is recognised in the Statement of Profit and Loss in finance costs.

Meanwhile, the cumulative change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item in the Balance Sheet and is also recognised in the Statement of Profit and Loss in finance cost.

The Company classifies a fair value hedge relationship when the hedged item (or group of items) is a distinctively identifiable liability hedged by one or a few hedging instruments. The financial instruments hedged for interest rate risk in a fair value hedge relationship is fixed rate debt issued. If the hedging instrument expires or is sold, terminated or exercised, or where the hedge no longer meets the criteria for hedge accounting, the hedge relationship is discontinued prospectively.

If the relationship does not meet hedge effectiveness criteria, the Company discontinues hedge accounting from the date on which the qualifying criteria are no longer met.

For hedged items recorded at amortised cost, the accumulated fair value hedge adjustment to the carrying amount of the hedged

item on termination of the hedge accounting relationship is amortised over the remaining term of the original hedge using the recalculated EIR method by recalculating the EIR at the date when the amortisation begins.

If the hedged item is derecognised, the unamortised fair value adjustment is recognised immediately in the Statement of Profit and Loss.

### **2.5 Impairment of Financial Assets**

The Company applies the Expected Credit Loss (ECL) model for recognising impairment losses on financial assets.

The accounting standard, Ind AS 109 does not specifically prescribe any methodology for computing ECL. However, entities are required to adopt sound and market acceptable methodologies which are in line with the size, complexity and risk-profile of the financial entity for computing the ECL. The Company uses three main components to measure ECL. These are, Exposure at Risk (EAR), Probability of Default (PD) and Loss Given Default (LGD). Exposure at Risk (EAR) is defined as the sum of Principal outstanding and interest accrued at the reporting date. PD is defined as the probability of borrowers defaulting on their obligations. LGD represents the economic loss, adjusted for cure rate, as a percentage of exposure at the time of default.

As per Ind AS 109, the Expected Credit Losses on financial instruments are classified under three stages.

Stage 1: Every financial asset is classified as stage 1, upon initial recognition. In addition, stage 1 contains all transactions with limited default risk.

Stage 2: Financial assets whose default risk has risen significantly since initial recognition and which are not classified as cases with limited default risk.

Stage 3: Financial assets that display objective evidence of impairment at the reporting date.

Accordingly, loan assets are categorised under three different stages, as under:

Stage 1: Where instalments are Current and 1-30 days overdue.

Stage 2: Where instalments are 31 days – 90 days overdue and

Stage 3: Where instalments are overdue beyond 90 days  
 12 months ECL represents the expected default events on the financial asset that are possible within 12 months after the reporting date.

## NOTES TO ACCOUNTS (Contd.)

Where the credit risk on the financial assets has not increased significantly since initial recognition, the loss is measured at an amount equal to 12 months ECL.

Where the credit risk on the financial assets has increased significantly since initial recognition, the loss is measured at an amount equal to the lifetime expected credit loss.

Lifetime Expected Credit Loss represent the expected credit loss from default events over the expected life of a financial asset.

The Probability of Default (PD) model has been developed for all the major asset classes using a statistical and iterative approach. The design and construction of the model involves identification of various credit parameters and variables that have a strong and direct correlation to propensity of default.

The PD model reflects to the probability of default, taking into consideration the inherent credit quality of the borrower and the residual tenor of each contract. It relies not only historical information and the current economic environment, but also considers forward-looking information such as the forecasts on the macroeconomic outlook, including emerging risks.

The PD for stage 3 contracts is considered at 100%.

Where a customer has one contract in stage 3 and one or more contracts in stage 1 / stage 2, the PD for all the contracts is considered at 100%.

The PD is considered @ 100% for (a) Customers in stage 3 and (b) Customers who were earlier in stage 3 and currently in stage 1/ Stage 2 whose arrears have not been fully updated since their slippage into Stage 3.

As per ECL policy, the company provides 100% for the identified fraud cases and accounts where recoverability is uncertain.

### Loss Given Default (LGD)

LGD represents the economic loss, adjusted for cure rate, as a percentage of exposure at the time of default. Economic loss is the estimated shortfall in realisation of dues, in the event of default. Contracts that have turned delinquent do not necessarily involve ultimate losses, since many of them are resolved through corrective actions. The cure rate is the probability of a 'non-performing' (i.e. defaulted) contract reverting to a 'performing' (i.e. non-default) status in a year.

Similarly, LGD has been estimated using the past write off experiences and collateral approach. The model of ECL so computed is yearly evaluated and impact thereof is recognised in the Statement of Profit and Loss.

The carrying amounts of assets are reviewed at each balance sheet date to ascertain impairment based on internal / external factors. An impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of the net selling price of the assets and their value in use.

Policy on write off: Loans are written off when the value of underlying security/other collateral is not sufficient to cover the loan exposure or where the underlying security / customer are not traceable. In such cases, the company takes legal recourse for recovery of shortfall of dues, if any.

### De-recognition of financial assets and financial liabilities

**Financial asset:** A financial asset or a part thereof is primarily de-recognised when:

The right to receive contractual cash flows from the asset has expired, or

The Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

If the company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains all or substantially all the risks and rewards of the transferred assets, the transferred assets are not de-recognised.

On de-recognition of a financial asset, the difference between the carrying amount of the asset and the consideration received is recognised in profit or loss.

**Financial liabilities:** The Company de-recognises a financial liability when its contractual obligations are discharged, cancelled or expired.

### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet when the Company has a legally enforceable right to offset the recognised amounts and there is an

## NOTES TO ACCOUNTS (Contd.)

intention to settle on a net basis or realise the asset and settle the liability simultaneously.

### 2.6 Leases

The Company's lease asset classes primarily consist of leases for premises. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee.

The lease liability is the present value of the lease payments to be made over the lease term using the incremental borrowing rates.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

The company accounts for a lease modification as a separate lease if both the conditions as follows are complied with:

- (a) the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- (b) the consideration for the lease increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the

carrying value of right-of-use asset and statement of profit and loss depending upon the nature of modification. In case of partial/full termination of lease, the lease liability is remeasured by decreasing the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease for lease modifications that decrease the scope of the lease and recognise in the statement of profit and loss any gain or loss relating to the partial or full termination of the lease.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for impairment at each reporting date.

### 2.7 Employee Benefits

#### Short term Employee benefits

Short term employee benefits for services rendered by employees are recognised during the period when the services are rendered.

#### Post-Employment benefits

##### Defined contribution plans

1. **Superannuation:** The Company contributes to the Superannuation fund, which is administered by trustees and managed by the Life Insurance Corporation of India (LIC). The contributions are charged to the Statement of Profit and Loss.
2. **Employees' Provident Fund, Employees' Pension Scheme and Employees' State Insurance Scheme:** The Company contributes to a Government-administered Provident Fund, Pension Fund and Employees State Insurance on behalf of its employees and the contributions are charged to the statement of profit and loss.

##### Defined benefit plans

**Gratuity:** The Company makes an annual contribution to a Gratuity Fund administered by trustees and managed by LIC. The company accounts its liability based on actuarial valuation, as at the balance sheet date, using the Projected Unit Credit method.

The change in defined benefit plan liability is split into changes arising out of service, interest cost and re-measurements and the change in defined benefit

## NOTES TO ACCOUNTS (Contd.)

plan asset is split between interest income and re-measurements. Changes due to service cost and net interest cost / income is recognised in the statement of profit and loss.

Re-measurement of the net defined benefit liability/ (asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability /asset) are recognised in other comprehensive income.

### **Other Long-Term Employee Benefits**

**Leave Encashment:** The company accounts its liability based on an actuarial valuation, as at the balance sheet date, using the Projected Unit Credit method.

## **2.8 Share Based Payments**

### **Employee Stock Options:**

The employees of the company are entitled to participate in the Employees Stock Option Scheme formulated by the Holding Company in accordance with SEBI Guidelines 1999. As per Ind AS 102, Share Based Payments, a parent that grants rights to its equity instruments directly to the employees of its subsidiary has the obligation to provide the employees of the subsidiary with the equity instruments. The subsidiary does not have an obligation to provide its parent's equity instruments to the subsidiary's employees. The subsidiary shall measure the services received from its employees in accordance with the requirements applicable to equity-settled share-based payment transactions, and recognise a corresponding increase in equity as a contribution from the parent. Accordingly, the company has recognized the employee compensation expense in its financial statements, with a corresponding increase to a separate reserve created for this purpose.

## **2.9 Income Taxes**

Tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

### **Current tax**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the tax

payable on the taxable income or loss for the year and any adjustment to the tax payable in respect of previous years. It is measured using tax rates enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

### **Deferred tax**

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable income.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. It is measured using tax rates enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences can be utilized. Deferred tax assets are reviewed at each reporting date and based on management's judgement, are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax assets and liabilities are offset only if the Company:

- a) Has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

### **Current and Deferred tax for the Year**

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in

## NOTES TO ACCOUNTS (Contd.)

other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

### 2.10 Property plant and equipment (PPE)

The property plant and equipment are the assets held for the use in the supply of services.

Property, plant and equipment's are stated in the balance sheet at cost (net of duty/ tax credit availed) less accumulated depreciation and accumulated impairment losses.

Cost of acquisition is inclusive of freight, non-refundable duties & taxes and other directly attributable cost of bringing the asset to its working condition for the intended use.

#### **Freehold land is not depreciated.**

An item is recognised as property plant and equipment if and only if it is probable that future economic benefits associated with the item will flow to the company and its costs can be measured reliably. Subsequent expenditure is added to the carrying amount or recognized as separate asset, when the Company expects future economic benefits from that item.

Depreciation is recognised to write off the cost of assets less their residual values over their useful lives, using the written down value method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Estimated useful lives of the assets, based on technical assessment, which are different in certain cases from those prescribed in Schedule II of the Companies Act 2013, are as follows:

<b>Computers and Data Processing Units</b>	
Servers and Networks	10 years
End User Devices	7 Years
Office Equipment	8 Years
Electrical installations	15 Years
Vehicles	5 Years

The property plant and equipment with definite life are reviewed for impairment whenever the events or changes indicate that their carrying value may not be recoverable.

Depreciation charge for impaired assets is adjusted in future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

An item of the property plant equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of the item of property plant equipment is determined as the difference between the sale proceeds and carrying amount of the asset and is recognised in profit and loss.

### 2.11 Intangible assets

Intangible assets are identified non-monetary assets without physical existence. Intangible assets with finite useful lives that are acquired separately are capitalized and carried at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets are recognized in books only when it is probable that future economic benefits associated with the asset will flow to the company and the cost can be measured reliably.

The cost of the intangible asset shall include the purchase price, including non-refundable duties and taxes, all the directly attributable costs to bring the intangible to the present location, working condition and intended use.

Intangible assets represent Computer software whose cost is amortized over their expected useful life 2 to 5 years on a straight-line basis.

The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Impairment loss, if any, is provided to the extent, the carrying amount of assets exceeds their recoverable amount. Recoverable amount is the higher of an asset's net selling price and the present value of estimated future cash flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life.

## NOTES TO ACCOUNTS (Contd.)

### **Intangible Assets under development**

Development expenditure on new products is capitalized as intangible asset if all the following are demonstrated.

- Technical feasibility of completing the asset
- Intention to complete the asset
- The ability to use or sell the asset
- Probability that the intangible asset will generate future economic benefits
- Availability of the adequate technical, financial and other resources to complete the intangible asset
- The ability to measure reliably the expenditure attributable during the development stage.

### **2.12 Dividend**

The final Dividend on shares is recorded as a liability on the date of approval by the Shareholders and interim dividends are accounted on payment basis as they are revocable till actually paid.

### **2.13 Cash flow Statement**

Cash flows are reported using the indirect method, whereby net profit after tax is adjusted for the effects of transactions of non-cash nature, tax and any deferrals or accruals of past or future cash receipts or payments. The cash flows are prepared for the operating, investing and financing activities of the Company. Cash comprises of cash on hand and demand deposits with banks. Cash equivalents are short-term deposits with banks (with an original maturity of three months or less from the date of placement) and cheques on hand. Short term and liquid investments being subject to more than insignificant risk of change in value, are not included as part of cash and cash equivalents.

### **2.14 Provisions, Contingent Liabilities and Contingent Assets**

Provisions are recognised only when the company has a present obligation (legal or constructive) as a result of past events, and it is probable that it is required to settle the obligation, and a reliable estimate can be made of the amount of obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the obligation at

the reporting date, considering the risk and uncertainties surrounding the obligation.

### **Contingent liabilities**

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more future uncertain events not wholly within the control of the Company (or)

There is a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made

### **2.15. Earnings Per Share**

The basic earnings per share has been computed by dividing the net income attributable to equity shareholders by weighted average number of shares outstanding during the year / period.

The diluted earnings per share have been computed using weighted average number of shares adjusted for effects of all potentially dilutive equity shares.

## **3. Critical accounting judgments and key sources of estimation uncertainty**

The preparation of financial statements in accordance with Ind AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the balance sheet and statement of profit and loss. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. The actual results may differ from these estimates. The Company's management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Any revision to the accounting estimates is recognized prospectively in the current and future periods.

Accounting estimates and judgements are used in various line items in the financial statements for e.g.:

- Business model assessment [Refer note no. 2.2]
- Fair value of financial instruments (Refer note no. 2.3)
- Impairment of financial assets [Refer note no. 2.5]

\* The company has repossessed and sold certain properties mortgaged by borrowers. As the borrowers have filed a legal case challenging the repossession/sale, management based on legal advice has made provision for the probable obligation to refund the sale consideration received from the purchasers. The provision has been determined based on the best estimate of the expected outflow, considering the uncertainties involved in the litigation. The timing and amount of actual outflow will depend on the final outcome of the case.

### 35.3: Financial Risk Management framework

Risk is an inherent and integral part of the financial services business and the company has been judiciously managing this through an efficient risk mitigation system, with a view to achieve the Company's stated objectives of Growth with Quality and Profitability. The risks primarily include credit risk, liquidity risk and market risk.

The policies and procedures laid down by the company for the purpose of risk identification, measurement and management, compare well with contemporary best practices followed by industry peers. The Risk Management Committee and Asset Liability Management Committee, functioning under the supervision of the Board, have enunciated detailed policies for assessment of various types of risks, and fixed tolerance limits as appropriate.

#### 1. Credit Risk

Credit risk is the risk of financial loss to the Company if a customer fails to meet his contractual obligations and arises principally from the company's loan receivables.

The company has in place a comprehensive credit policy which clearly defines the credit filters and the terms of acceptance of proposals for financing different categories of borrowers and asset classes. The credit appraisal process, inter alia, includes filters for classification of customers, compliance with Know Your Customer (KYC) norms, Field investigation, Credit bureau verification, Credit Concentration norms, asset risk, segment and geography risks. The risk metrics also address Loan to Value, loan tenure, based on the useful life of the asset, end-use of the asset and credit enhancements, as appropriate. The Company's exposure is primarily to retail customers, thereby making for a well diversified risk portfolio. The time tested monitoring and recovery mechanism ensures timely recovery of instalments and where required, necessary action for resolution of delinquent accounts is initiated, including legal proceedings. Finally, physical presence and in-depth knowledge of the markets in which the Company operates enables early identification of emerging risks thereby facilitating prompt remedial action.

Following tables provide an overview of the gross carrying amount and credit loss allowance broken down into stages.

### 35.4 Liquidity Risk

Liquidity risk relates to the Company's potential inability to meet all payment obligations when they fall due or only being able to meet them at excessive costs. The objective of the liquidity risk management framework is to ensure that the Company fulfils its payment obligations at all times and can manage liquidity and funding risks. The Asset Liability Committee regularly monitors the liquidity position and the duration of assets/liabilities and ensures that liquidity is strictly managed as per the policy.

## NOTES TO ACCOUNTS (Contd.)

### 35.5 Market Risk

Market risk is the risk of loss arising from potential adverse changes in the value of the firm's assets and liabilities from fluctuation in market variables like liquidity, interest rate and foreign exchange (Currency risk).

#### a. Interest rate risk

The major lending of the Company is in the form of Mortgage loans at Variable rates. The loans are financed by various fixed floating rate borrowings. While the Loan assets are generally recovered over the tenure of the underlying contract equally, the liabilities are repayable over the tenure or on maturity. Hence, the interest rate and liquidity risk due to mismatches in the duration of assets and liabilities are inherent and inevitable. The Company has a policy for entering into derivative transactions as required to manage such risks.

The interest rate profile of the Company's interest bearing financial instruments is as follows:

(₹ in crores)

	March 31, 2026	March 31, 2025
<b>Financial assets</b>		
<b>Fixed-rate instruments</b>		
Loans	802.17	600.72
Investments	375.85	335.58
Bank Balances	36.23	11.51
<b>Total fixed rate assets (A)</b>	<b>1,214.25</b>	<b>947.81</b>
<b>Variable rate instruments</b>		
Loans (B)	16,206.30	14,888.68

Borrowings (Other than Debt securities)	806.72	760.71
Deposits	2,431.95	2,344.26
<b>Total fixed rate liabilities (D)</b>	<b>6,961.32</b>	<b>9,789.47</b>
<b>Variable rate instruments</b>		
<b>Financial liabilities with floating interest rate( E)</b>	<b>8,097.52</b>	<b>3,973.92</b>
<b>Total F=(D+E)</b>	<b>15,058.84</b>	<b>13,763.38</b>

\* Excludes fixed rate NCDs subsequently converted to Variable rate borrowings through Interest rate swap contracts.

## NOTES TO ACCOUNTS (Contd.)

### Fair value sensitivity analysis for fixed rate instruments

The Company's fixed rate instruments are carried at amortised cost and are not measured for interest rate risk, as neither the carrying amount nor the future cash flows will fluctuate because of changes in market interest rates.

### Cash flow sensitivity analysis for variable rate instruments

A reasonably possible change of 100 basis points in interest rates in respect of risk exposures existing as at the reporting date would have increased (decreased) Equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, remain constant.

(₹ in crores)

	Profit or loss (31st March 2026)		Profit or loss (31st March 2025)	
	100 bp increase	100 bp decrease	100 bp increase	100 bp decrease
Variable rate instruments	88.59	(54.14)	100.47	(100.49)
<b>Cash flow sensitivity (Net)</b>	<b>88.59</b>	<b>(54.14)</b>	<b>100.47</b>	<b>(100.49)</b>

### Interest rate sensitivity

The major lending of the Company is in the form of Housing/ Loan against property at floating rates. The Loans are financed by various fixed / floating rate borrowings. While the door to door maturity of the assets financed are generally long term, the tenor of the borrowing is primarily medium term. Hence, the interest rate risk and liquidity risk (mismatches in the duration of assets and liabilities) are inherent and inevitable.

To measure the above risk the Company adopts the duration gap analysis which is measured for assets and liabilities maturing in next 12 months as well as for the overall assets and liabilities. Also, for Interest rate risk management, the Duration Gap model is used on assets and liabilities maturing in the next 12 months, to assess the change in Net Interest Income (NII) for a 1% change in interest rate.

### b. Currency Risk

The Company has not availed/granted any foreign currency loans and hence is not exposed to any Currency risk.

Total	9.46	8.09

#### Defined benefit plans

Defined benefit plan exposes the Company to a number of risks, the most significant of which are detailed below:

**Investment risk:** This may arise from volatility in Asset value due to market fluctuations and impairment of assets due to credit losses. The defined benefit plans may hold equity type assets, which may carry volatility and associated risk.

**Interest risk:** A decrease in bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plan's investment in debt instruments.

**Salary cost Inflation risk:** The present value of some of the defined benefit plan obligations are calculated with reference to the future salaries of plan participants. Increase in salary due to adverse Inflationary pressures might lead to higher liabilities.

**Longevity risk:** The present value of defined benefit plan obligation is calculated by reference to the best estimate of the mortality of plan participants. Increase or decrease in such rate will affect the plan liability.

#### A) Gratuity (Funded)

Expected contribution to the plan for the next year is ₹0.63 crores.

### 39. Disclosure on Liquidity Coverage Ratio

As part of the Liquidity Risk Management Framework for NBFCs, RBI has mandated maintenance of Liquidity Coverage Ratio (LCR) effective December 2021. The Company is required to maintain adequate unencumbered High Quality Liquid Asset (HQLA) to meet its liquidity needs for a 30 calendar-day time horizon under a significantly severe liquidity stress scenario. Presently, the Company is required to maintain minimum HQLA of 100% of the LCR.

The LCR is calculated by dividing the company's stock of HQLA by its total net cash outflows over a 30- day stress period. HQLA means liquid assets that can be readily sold or immediately converted into cash at little or no loss of value or used as collateral to obtain funds in a range of stress scenarios. Total Net cash outflows is defined as total expected cash outflows minus total expected cash inflows in the specified stress scenario for the subsequent 30 calendar days. The main drivers of LCR are adequate HQLAs and lower net cash outflow.

Major source of borrowings for the Company are NHB Refinance, Non-Convertible Debentures, Term loans from Banks, and Public deposits.

The average LCR for the quarter ended Mar 26 is 164.84%, calculated on daily average, and is above the regulatory requirement of 100%.

## NOTES TO ACCOUNTS (Contd.)

### Institutional Set up for Liquidity Risk Management

Board has set up the Asset Liability Management Committee (ALCO) and Risk Management Committee to manage various risks of the Company. ALCO meets on regular basis and is responsible for ensuring adherence to the risk tolerance/limits set by the Board including the Liquidity Risk of the Company. The performance of the ALCO is reviewed by Audit Committee/Board.

The Company has formulated a policy on Liquidity Risk Management Framework. Accordingly, the Company

- Performs stress testing on a quarterly basis which enables the Company to estimate the liquidity requirements as well as adequacy and cost of the liquidity buffer under stressed conditions.
- Formulated a contingency funding plan as part of the outcome of stress testing results.
- Monitors liquidity risk based on Stock approach to liquidity by way of pre-defined internal limits for various critical ratios pertaining to liquidity risk.

The Company has diversified source of funding to ensure that there is no significant source, the withdrawal of which could trigger liquidity problems.

The Company monitors cumulative mismatches across all time buckets by establishing internal prudential limits. The Company maintains adequate liquidity buffer of readily marketable assets, to protect itself against any liquidity risk at the same time is mindful of the cost associated with it.

#### Notes:

1. As per the circular issued by RBI on Liquidity Risk Management Framework for Non- Banking Financial Companies and Core Investment Companies dated 04th Nov 2019, "Significant counterparty" is defined as a single counter party or group of connected or affiliated counter parties accounting in aggregate for more than 1% of the total Liabilities and "Significant instrument/product" is defined as a single instrument/product of group of similar instruments/products which in aggregate amount to more than 1% of the total Liabilities.
2. Total Liabilities represent "Total Liabilities and Equity" as per Balance sheet less Equity.
3. Public funds are as defined in Master Direction - Non-Banking Financial Companies - Registration, Exemptions and Framework for Scale Based Regulations (Reserve Bank) Directions, 2025.
4. Other Short-term Liabilities represents all short-term borrowings other than CPs.
